NORCIA

TILE WHOLESALERS SINCE 1975

COLLECTION OVERVIEW

Norcia - Inspired by Travertine

Created and produced following the beauty of the natural travertine, with both types of veining, which is obtained by cutting the block of stone longitudinally or transversally (vein cut and cross cut). Graphics and veins look extremely natural with the use of the In&out Matt Technology. Available in the 4 classic colours of the Travertine: White, Beige, Silver and Grey.

NORCIA

The Norcia Range is available in both cross cut and vein cut, offering distinct aesthetic variations to suit any design style. Available sizes include 300x300mm, 300x600mm, 600x600mm, and 600x1200mm, providing flexibility for various applications. A 400x600mm pencil edge bullnose is ideal for steps and pool edges, delivering a smooth and refined finish. For outdoor and high-traffic areas, the 600x600mm (20mm thick) option ensures durability and longevity. Additionally, the range is available in crazy pave and French pattern, adding a timeless, natural appeal to any space.

FRENCH PATTERN

French Pattern (FP) is a Modular interlocking pattern that is reminiscent of a stone floor from the historic European palaces, a French pattern floor looks very elegant and impressive. The Modular nature of French Pattern makes it ideal for large indoor and outdoor spaces, where the intersection of the lines and the tile sets create the illusion of an even larger space. Not allowing your eyes to be caught on the straight parallel lines and being drawn away from the feature of the stone.

CRAZY PAVE

With origins in Ancient Rome, Crazy Paving stone flooring offers an organic, fluid surface for use in internal and external spaces. The historical flooring method features stone pieces of irregular shapes, textures and colours, laid randomly to ensure a deeply unique aesthetic in every application. It's perfect for the outdoors, but it adds organic texture and a powerful visual impact when used indoors as well.
